Dear Sister Rosalia

Havent much time to write, But will say, I recd your letter and check Mother has been ill again and we have to have a fire in her room all the time when she is sick.

Fred says to tell you, "thats the only reason we took your money", to buy wood for her; And I thank you for her and myself.

Fred has sure been hurt since he talked to Nate. It seems they are all sore over my "taking" Mother from Minnie. Of course I know how it is, she talked to them and I didnt. Well; it doesnt matter, But when I said someth to Mother about going back, she said^d she doesnt want to. Wants me to write to Uncle Joel to come and get her, etc.

Alice was married, But beside my sorrow over my Mother, I can praise the Lord, for every thing. Fred was so grand about Mothers being here, untill he talked to Nate, and he thinks different.

and tho he hasnt said anything out of the way, I know that he'd rather I send her back. Of course I cant expect him to have the feeling for her that I have. And it isnt good for family to live together etc. Well forgive this blue letter. I look forward to your comforting letters!

Hope you are all well, as we are. Are having looly weather. Do appreciate it. and my friends and blessings. Pratt is a grand boy, 9 years older than her. Good education etc can make her a living. Im proud of her too. Young to marry, but its all right.

Worlds of Love, dear Sister. I do thank the Lord for you. Lurline.
